

One Bright Pearl

(sing)

One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl

(chant)

As above, so below
Shining, telling all we need to know
Everywhere throughout the world
The universe is one bright pearl

Up above the world so high
Just like a diamond in the sky
And in the hearts of boys and girls
Everything is one bright pearl

(sing)

One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl

(solos)

(sing)

One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl

(chant)

As the rising moon appears
And casts it's light upon a pond
So this mind, serene and clear
Reflects the gentle song it hears, and it goes

(sing)

One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl

One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl
One bright pearl, one bright pearl
