

SnowCat Theme

He's in the zone, he's on the go
He's underrated and he's in the know
He's out of sight, he's where it's at
Nobody's cooler than SnowCat

He's smooth as silk, he's cool as ice
He's like *Fantasia* without the mice
Like a Neiman's wardrobe at a Loehmann's price
Nobody's cooler than SnowCat

He's in effect and he's in excess
He's something special and he's nothing less
Than a super cat hero with an S on his chest
Nobody's cooler than SnowCat

He's out like Trane, he's in like Flynn
He's able like Gable in *Gone With The Wind*
He swings like Sinatra but without the Sin
Nobody's cooler than SnowCat

(Interlude)

He's got the stuff, he's got the goods
He's got more game than Tiger Woods
Or Gonzo or Goldie when they swing that bat
Nobody's cooler than SnowCat

He's like Keith Jarrett but without the moans
He gets more groupies than the Rolling Stones
He wins more Grammys than Norah Jones
Nobody's cooler than SnowCat

He's fun for all, he's all for fun
He's first in line, he's second to none
He's like JB when he's on the one
Nobody's cooler than SnowCat

In cool cat school he makes the grades
In a game of cards he's the Ace of Spades
In the Arizona desert he don't need no shade, 'cause
Nobody's cooler than SnowCat

(Interlude)

He's cool like Prince jamming "Joint 2 Joint"
I could go on but really, what's the point
He's the bomb, he's the man, and hey
He's with the band, and
Nobody's cooler than....(he's the coolest!) SnowCat
